

Post Graduate INPP One year Practitioner's Course addressing Neuro-Motor Immaturity (NMI) or Neuro Developmental Delay.

MELBOURNE, 2016

This course trains practitioners in the INPP method of diagnosis and treatment of Neuro Motor Immaturity (NMI) or Neuro Developmental Delay (NDD). It is a 4 module programme conducted over 6 months to a year with assessment in the theory and practice of the INPP method. Successful completion of the course leads to Licentiate membership of INPP Australia and INPP International.

Background:

Established by Dr Peter Blythe (PhD) in 1975, the Institute for Neuro Physiological Psychology is a private research organisation investigating the effects of immature central nervous system functioning in children with Specific Learning Difficulties and adults suffering from Agoraphobia and Panic Disorder. Dr Blythe and Sally Goddard Blythe (INPP Director) have devised and developed reliable methods of assessment and non-invasive intervention programmes that have assisted many children and adults with problems linked to immaturity in CNS functioning. Publications relating to the efficacy and effectiveness of the INPP method are listed on the INPP UK website (www.inpp.org.uk). In the late 1970's Dr Peter Blythe began providing training courses for small groups of professionals in the United Kingdom and Sweden. During the 1990's a formal training course in the methods developed at INPP was established in the United Kingdom and this course is now available in sixteen countries. INPP International is the certificating body for all countries providing training in its methods. The Australian INPP Principal, Dr Christine Payard (PhD) of Integrating Thinking™, delivers the INPP™ training programs in Australia. (Information regarding all training programs is available on the website: www.integratingthinking.com.au)

Entry Requirements:

This course is designed for anyone with a first degree and professional qualifications as well as a minimum of five years of experience in a field allied to Education, Medicine or Psychology (this includes Physical Therapy, Occupational Therapy, and Speech/Language Therapy, Optometry and others). Course participants are required to provide full curriculum vitae on application along with supporting documentation.

What is involved?

This is a 4 module program conducted over 6 months to a year with assessment in the theory and practice of the INPP Method™. Participants must attend Supervision within 18 months of certification to complete the program.

Learning Outcomes

- Identify individuals who would potentially benefit from the INPP Individual Program.
- Administer and interpret the INPP Diagnostic Assessment results.
- Provide written reports based on assessment findings.
- Devise an appropriate remedial program based on assessment results.
- Perform follow-up assessments at regular intervals while a child is on the INPP Program.
- Supervise and amend the INPP Program.

The course comprises three teaching modules and one examination / assessment module. Participants attend full time teaching for modules 1, 2 and 3. Assessment includes assignment work (Module 1) and an examination in module 4. Instruction and contact time is 24 hours for module 1, 30 hours for modules 2 and 3 and 6 hours for module 4 (total contact time 90 hours). Minimum hours of study (outside teaching modules) required fulfilling recommended reading and assignment work is 90 hours.

Licentiate membership on completion of the course enables practitioners to practice and promote the INPP method under licence. First year Licentiate fees are offered to Graduates of the INPP Practitioner's Course at a reduced rate.

Course content details:

Module 1 (Monday to Thursday inclusive)

- History of the development of the INPP theory and methods since 1969 and differential diagnoses.
- Neuro-Developmental factors in specific learning difficulties and behaviour.
- Reflex development from conception to 3 ½ years of age.
- Results of abnormal reflex development above 3 ½ years of age.
- The Vestibular system and the cerebellum
- Interaction between developing reflexes, motor skills and sensory development during the first year of life
- Use of the INPP Developmental Screening Questionnaire
(This module may include guest presenters -- to be confirmed.)

Participants are required to complete a written assignment reflecting learning and readings of Module 1.

Module 2 (Monday to Friday inclusive)

The aim of module 2 is for students to become competent in the administration, interpretation and evaluation of tests using the INPP Diagnostic Assessment. Instruction is provided in the use of standard tests for:

- Gross Muscle Coordination and Balance
- Patterns of Motor Development
- Cerebellar involvement
- Dysdiadochokinesia
- Primitive and Postural reflexes
- Laterality
- Oculo-Motor functioning
- Visual-Perception

Module 3 (Monday to Thursday inclusive)

- Instruction in the preparation and delivery of a report based on diagnostic assessment results.
- Instruction in the preparation of an Educational Report
- Instruction in theory and method of building an INPP Reflex Stimulation and Inhibition Programme based on diagnostic assessment results.
- Practise of the INPP exercises.
- How to carry out a Review
- Presentation of results from diagnostic assessments carried out as assignments,
- Rationale, planning and selection of exercises for remedial intervention.

Module 4 (Monday to Wednesday inclusive)

Module 4 comprises one day of teaching and review, 2 days of written exams. The examinations comprise 4 papers:

- Short paper (theory) - 20 short questions to be answered. (1 hour)
- Long paper (theory) - 3 essay questions to be answered out of a choice of 5 (2 hours)
- Short paper (practical) - 20 short questions on aspects of practice. (1 hour) Students are required to demonstrate selected testing procedures and answer questions concerning the initial consultation and remedial programme.
- Long paper (practical) –3 essay questions on practical aspects of screening, diagnosis and treatment out of a choice of 5 questions. (2 hours)

A minimum of 60% is required on every paper for a candidate to be deemed competent. It should be noted that there is no percentage number of candidates who pass or fail. Success is based on individual competency to practice. Candidates are required to demonstrate a level of competency in all areas in order to be eligible for certification. If a candidate fails to acquire a minimum of 60% on one paper, the candidate will be required to re-sit the paper the following year or may be assigned additional written course work to complete. Students must have completed all assignments to a satisfactory level by the required dates in addition to achieving a minimum mark of 60% on all written examination papers.

Certification, Supervision and Licentiate Status:

- A signed certificate of completion will be sent by post to successful students within 2 months of taking the examinations.
- ***Follow up Supervision: Graduates are required to attend 2 days' compulsory supervision in the first 18 months after qualifying for their certificate to remain valid.***
- Completion of the INPP practitioner's program leads to INPP Australia Licentiate status. Conditions apply to Licentiate practitioner status including payment of an annual licentiate fee including INPP International licence fees. 2016-2017 one year Licentiate fees will be offered to Graduates of the INPP Practitioner's Course of 2016 at a reduced rate. Further details and explanation of Licentiate agreements are available on request. (Email chris@integratingthinking.com.au for more information.)

COURSE DELIVERY DETAILS:

Where? Conducted in Melbourne, Victoria.
Venue to be confirmed.

When? Course delivery dates for Melbourne INPP Practitioner's course 2016 are:
Module 1: March 29th to April 1st, 2016 (4 days);
Module 2: April 4th to April 8th, 2016 (5 days);
Module 3: July 5th to July 8th, 2016 (4 days);
Module 4: Sept 21st to Sept 23rd, 2016 (3 days).

Your course presenter:

Christine Mensinga-Payard – Neuro Developmental Educator. (Director Integrating Thinking, INPP Australia Principal)

B Ed (Hons), M Ed Studies (Lang & Lit), PhD, MAICD.
Neuro-Developmental Therapist (INPP); JIAS Provider.

Chris is a registered teacher and education specialist with special research interests in literacy education, student thinking, professional learning and learning support. She has worked with primary, secondary and tertiary students in many different contexts including private and state schools, University and TAFE institutions; with teachers and educators through private consultancy work; with employees and management in private businesses, local government, manufacturing and industry groups. She has over 26 years of experience in Education and Business Management in Allied Health Practice.

As an experienced educator and trained Neuro-Developmental Therapist, Chris uses the INPP method to investigate and develop programmes to address underlying physical factors such as immature balance, coordination, visual and auditory processes which can impact on learning, performance and achievement.

In 2013 Chris was appointed INPP Principal Practitioner in Australia by Sally Goddard Blythe (Director INPP UK & INPP International). Chris now delivers training programmes in the INPP method in Australia and is responsible for administration and co-ordination of INPP training and licencing processes in Australia. She studied the INPP method directly with Sally Goddard Blythe and the late Dr Peter Blythe (PhD).

Chris is committed to ongoing research and study in the area of Neuro-Developmental Education and works towards establishing networks with other health care and educational support practitioners equally passionate about learning and supporting learning.

Chris is an Associate member of the Australian College of Behavioural Optometrists, a member of the Australian Association for Research in Education, the Australian College of Educators and a Member of the Australian Institute of Company Directors.

"I am passionate about learning, learning about learning and encouraging others to assist those who find learning challenging."

*Learning is a complex activity incorporating physical, cognitive, behavioural and social elements that enhance or hinder learning and educational experience. Thinking, talking about and looking at ways to integrate and develop these components of learning is the basis of **Integrating Thinking** education consultancy services for children, adults, teachers and other health care and education professionals.*

You can contact Chris about any INPP matters:
