## Post Graduate INPP™ One Year Practitioner's Course addressing Neuro-Motor Immaturity (NMI).

ABN: 40 246 591 895

### 2020: Sydney & on-line

This revised course trains practitioners in the INPP™ method of diagnosis and treatment of Neuro Motor Immaturity (NMI). It is a 4 module programme conducted over 6 months to a year with assessment in the theory and practice of the INPP method. Successful completion of the course leads to Licentiate membership of INPP™ Australia and INPP™ International.

#### Background:

Established by Dr Peter Blythe (PhD) in 1975, the Institute for Neuro Physiological Psychology is a private research organisation investigating the effects of immature central nervous system (CNS) functioning in children with Specific Learning Difficulties and adults suffering from Agoraphobia and Panic Disorder. Dr Blythe and Sally Goddard Blythe (INPP Director) have devised and developed reliable methods of assessment and non-invasive intervention programmes that have assisted many children and adults with problems linked to immaturity in CNS functioning. Publications relating to the efficacy and effectiveness of the INPP method are listed on the INPP UK website ([www.inpp.org.uk](http://www.inpp.org.uk)). In the late 1970's Dr Peter Blythe began providing training courses for small groups of professionals in the United Kingdom and Sweden. During the 1990's a formal training course in the methods developed at INPP was established in the United Kingdom. This course is now available in sixteen countries. INPP International is the certificating body for all countries providing training in its methods and has recently revised the International Training Program for Practitioners in the INPP method. Dr Christine Payard (PhD) of Integrating Thinking™, is appointed as the Australian INPP Principal and delivers the INPP™ training programs under licence in Australia. (Information regarding training programs in Australia is available on the website: [www.inppaustralia.com.au](http://www.inppaustralia.com.au) and/or [www.integratingthinking.com.au](http://www.integratingthinking.com.au) ).
