Post Graduate INPP™ One Year Practitioner's Course addressing Neuro-Motor Immaturity (NMI).

ABN: 40 246 591 895

ONLINE with 3 days in person.

This course trains practitioners in the INPP™ method of diagnosis and treatment of Neuro Motor Immaturity (NMI). It is a 4-module programme conducted over 7 months with assessment in the theory and practice of the INPP™ Method.

Successful completion of the course leads to Licentiate membership of INPP™ Australia and INPP™ International, enabling practitioners to practice and promote the INPP™ method in their work, and the use of INPP™ Trade Marked materials.

Background:

Established by Dr Peter Blythe (PhD) in 1975, the Institute for Neuro Physiological Psychology is a private research organisation investigating the effects of immature central nervous system (CNS) functioning in children with Specific Learning Difficulties and adults suffering from Agoraphobia and Panic Disorder. Dr Blythe and Sally Goddard Blythe (INPP International Director) devised and developed reliable methods of assessment and non-invasive intervention programmes that have assisted many children and adults with problems linked to immaturity in central nervous system functioning. Publications relating to the efficacy and effectiveness of the INPP method are listed on the INPP UK website (www.inpp.org.uk).

In the late 1970's Dr Peter Blythe began providing training courses for small groups of professionals in the United Kingdom and Sweden. During the 1990's a formal training course was established in the UK teaching the methods developed at INPP. This course is now available in sixteen countries. INPP International is the certifying body for all countries providing training in its methods through the "International Training Program for Practitioners in the INPP method". Dr Christine Payard (PhD) of Integrating Thinking™, is the Australian INPP Principal delivering the INPP™ training programs under licence in Australia. (Information regarding training programs in Australia can be found on the website: www.inppaustralia.com.au and/or www.integratingthinking.com.au).

Entry Requirements:

This course is designed for those with a first degree and professional qualifications as well as a minimum of five years of experience in a field allied to Education, Medicine, or Psychology (this includes Physical Therapy, Occupational Therapy, and Speech/Language Therapy, Optometry and others). Course participants are required to provide a full curriculum vitae on application along with supporting documentation.

What is involved? This is a 4-module program conducted over 6 -9 months with assessment in the theory and practice of the INPP Method™. Participants must attend Supervision within 18 months of certification to complete the program.

Learning Outcomes:

Course participants, on successful completion of this programme, will be able to:

- Identify individuals who would potentially benefit from the INPP Individual Program.
- Administer and interpret the INPP Diagnostic Assessment.
- Provide written reports based on assessment findings.
- Devise an appropriate remedial program based on assessment results.

- Perform follow-up assessments at regular intervals while a child is on the INPP Program.
- Supervise and amend the INPP Program.

Course structure: The course comprises three teaching modules and one examination / assessment module. In 2023 participants will complete all Modules through on-line delivery AND, an additional 2 days of face-to-face delivery will be added to the standard Module 4 timeframe to accommodate hands on training requirements.

Assessment includes assignment work between Modules and an examination in Module 4.

Instruction and contact time required for the modules is as follows: 24 hours for Module 1, 30 hours for Module 2, 24 hours for Module 3, and, 24 hours for Module 4 (this includes 12 hours of face-to-face time). (Total contact time 102 hours). Minimum hours of study (outside teaching modules) recommended to fulfill reading and assignment work is 90 hours. *Participants are required to attend INPP™ Supervision within 18 months of certification to complete the program. This usually comprises of 12 hours contact time.*

Course content:

Module 1 (Delivered in two parts, on-line, via webinar Part 1: 2 days Thursday and Friday delivery. Part 2: 2 days 2 weeks later Wednesday and Thursday delivery,). 4 days

- History of the development of the INPP theory and methods since 1969 and differential diagnoses.
 - Neuro-Developmental factors in specific learning difficulties and behaviour.
 - Reflex development from conception to 3 ½ years of age.
 - Results of abnormal reflex development above 3 ½ years of age.
 - The Vestibular system and the cerebellum
 - Interaction between developing reflexes, motor skills and sensory development during the first year of life
 - Use of the INPP Developmental Screening Questionnaire
- (This module may include guest presenters -- to be confirmed.)

Participants are expected to reflect on learning from reading and materials of Module 1 in participation of Module 2. Written assessment tasks/revision processes will be outlined in Module 1. Written revision tasks include 4 – 5 essay questions each requiring 500-word answers. Assessment details are discussed in Module 1.

Module 2 (Delivered in two parts, on-line via webinar Part 1: 2 days Monday and Tuesday. Part 2: Face to face 3 days 2 weeks later: Wednesday, Thursday, and Friday delivery) 5 days

The aim of module 2 is for students to become competent in the administration, interpretation and evaluation of tests using the INPP Diagnostic Assessment protocol. Instruction is provided in the use of standard tests for:

- Gross Muscle Coordination and Balance
- Patterns of Motor Development
- Cerebellar involvement
- Dysdiadochokinesia
- Primitive and Postural reflexes
- Laterality
- Oculo-Motor functioning
- Visual-Perception

Participants will be required to conduct a minimum number of practice assessments between modules and select at least one (1) for presentation as a case study discussion in Module 3.

Module 3 (Delivered in two parts, on-line, via webinar Part 1: 2 days. Part 2: 2 days 1 weeks later, Thursday and Friday delivery both weeks) 4 days

Module 3 provides the INPP™ Method for reporting on and remediating neuro-motor immaturity identified in the assessment protocol. It provides:

- Instruction in the preparation and delivery of a report based on diagnostic assessment results.
- Instruction in the preparation of an Educational Report
- Instruction in theory and method of building an INPP Reflex Stimulation and Inhibition Programme based on diagnostic assessment results.
- Practise of the INPP exercises.
- Information on how to carry out an INPP review.

Participants will be required to:

- Present results from diagnostic assessments carried out as assignments,
- Provide a rationale, planning suggestions and selection of exercises for remedial intervention.

Module 4 (3 days online. Wednesday, Thursday, and Friday)

Module 4 comprises one day of teaching and review (optional participation), 2 days of written exams (4 contact hrs per day: 1.5 hours in the morning and 2.5 hours in the afternoon). The examinations are comprised of 4 papers:

- Short paper (theory) - 20 short questions to be answered. (1 hour)
- Long paper (theory) - 3 essay questions to be answered out of a choice of 5 questions. (2 hours)
- Short paper (practical) - 20 short questions on aspects of practice. (1 hour) Students are required to demonstrate selected testing procedures and answer questions concerning the initial consultation and remedial programme.
- Long paper (practical) –3 essay questions to be answered on practical aspects of screening, diagnosis, and treatment out of a choice of 5 questions. (2 hours)

A minimum of 60% is required on every paper for a candidate to be deemed competent. It should be noted that there is no percentage number of candidates who pass or fail. Success is based on individual competency to practice. Candidates are required to demonstrate a level of competency in all areas to be eligible for certification. If a candidate fails to acquire a minimum of 60% on one paper, the candidate will be required to re-sit the paper the following year *or* may be assigned additional written and practical course work to complete. Students must have completed all assignments to a satisfactory level by the required dates in addition to achieving a minimum mark of 60% on all written examination papers.

Certification, Supervision and Licentiate Status:

- A signed certificate of completion and provisional certificate of practice in the INPP™ method will be issued to successful students within 2 months of taking the examinations.
- **Follow up Supervision: Graduates are required to attend 2 days' compulsory supervision in the first 18 months after qualifying for their certificate to remain valid. Attendance at the follow up Supervision is the final stage in completion of the INPP™ Practitioner Training program.**
- Completion of the INPP Practitioner's program leads to INPP Australia and INPP™ International Licentiate status. Conditions apply to Licentiate practitioner status including payment of an annual licentiate fee covering INPP™ International licence fees. Further details and explanation of Licentiate agreements will be sent to candidates prior to the commencement of the course. (Further information regarding the Licentiate process can be obtained by emailing: chris@integratingthinking.com.au.)
- A copy of the Australian Licentiate agreement will be forwarded to you when you are notified of your acceptance into the course.
